**SEWARD CO-OP
 CSA FAIR**
 March 20–April 3

Seward Co-op’s 20th Annual Community Supported Agriculture (CSA) Fair

During this time of crisis and supply chain disruption, we need community farmers more than ever. CSAs are a great way to invest in the people who grow and harvest our food.

In addition to shopping at the co-op, Community Supported Agriculture offers individuals and families a direct way to support local growers.

Follow us on social media to learn more about each of these farms and their CSA shares with video updates and more. This year, many farms also share opportunities to contribute to mutual aid options, supplying locally-grown produce to communities in need.
