

Seward Co-op 19th Annual Community Supported Agriculture (CSA) Fair

During this time of crisis and supply chain disruption, we need community farmers, fishers and producers more than ever. CSAs are a great way to invest in the people who grow and harvest our food.

In addition to shopping at the co-op, Community Supported Agriculture offers individuals and families a direct way to support local growers.

Follow us on social media to learn more about each of the farms and their CSA shares through videos and Q&A sessions.
